Don't see your condition? Don't worry! The 'Senate Bill 8A' allows for medical marijuana treatment of other "diagnosable, debilitating conditions of the same kind or class" as those listed above such as fibromyalgia, anxiety, depression, migraines, and a plethora of other conditions.

Still wondering if your condition qualifies? Check out our website under our "qualifying conditions" page or just give us a call at (407) 751-5005.

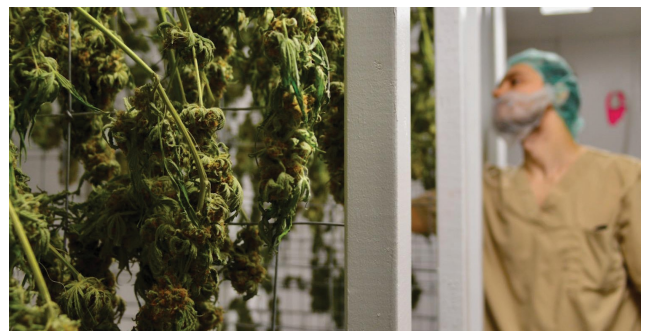

HOW DO I START?

First step is to obtain your medical records including a diagnosis of your qualified condition. The records have to be within 2 years of age from each encounter with us. Florida state law requires that we have supporting documents confirming your diagnosis. You may email (ask staff) or fax your records to (407)288-8607. You may also fill out a medical release form including your physicians' name and fax number so we can request them for you prior to your appointment.

Now, you set up your appointment. You may call us at (407)751-5005, schedule your appointment online at www.marijuanacareclinic.com or walk-in to our clinic and set up your appointment with a staff member. You will receive an email with a pre-check in link to complete all required paperwork. This will help cut down the time spent at the office.

Our initial appointment is \$199.00 payable in cash or card. This covers orders for your recommendation for 210 days. Our renewal fee is \$169.00. A \$20 discount is available for those who pay in advance with a \$50 non-refundable fee.

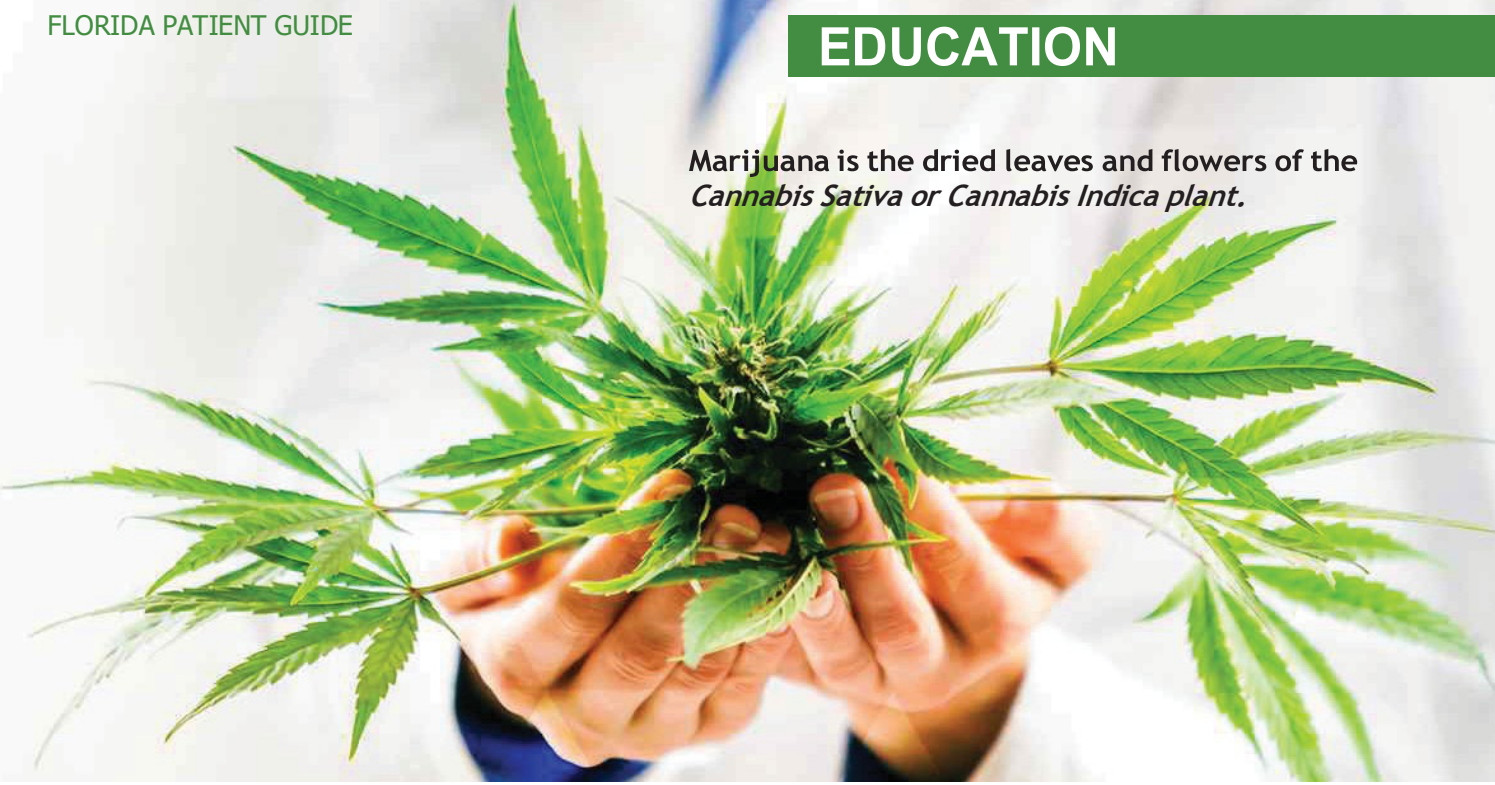

WHAT IS MARIJUANA?

Marijuana plants secrete multiple chemical compounds known as cannabinoids. The two main compounds are THC and CBD. They both have been studied as a pain medication, especially for neuropathic pains which are difficult to control with opioid treatment. Cannabinoids bind to different receptor sites in our body's very own endocannabinoid system throughout the brain and body causing different effects depending on what receptors they bind to.

EDUCATION

Marijuana is the dried leaves and flowers of the *Cannabis Sativa* or *Cannabis Indica* plant.

Symptom Relief	Nausea, Vomiting, Pain, Mental Health	Pain, Anti-Inflammatory, Neuropathic Pain	Pain, Anti-Inflammatory, Neuropathic Pain	Acne, Skin Conditions, Pain, Anti-Inflammatory

THC

- o Psychoactive, largely responsible for "high" feeling
- o Most active cannabinoid in plant
- o Binds to receptors in the brain
- o Appetite stimulant, decreases fatigue, pain relief, anti- nausea
- o Helps with Chronic Pain, Glaucoma, HIV/AIDS, Crohn's Disease

CBD

- o Non-Psychoactive
- o Counteracts psycho-activity of THC
- o Prefers to bind to receptors throughout the body
- o Anti-inflammatory, lowers blood sugar, pain relief, calming effects
- o Helps with Anxiety, Epilepsy, PTSD, Spasticity, Arthritis, etc.
- o Best for autoimmune disorders

1:1 Balanced RSO

- o 1:1 ratio of CBD:THC
- o Both activate each other for increased pain relief
- o Biggest therapeutic benefits with very few side effects
- o This ratio shows promise in relieving symptoms associated with Multiple Sclerosis and may be able to kill certain cancer cells and inhibit tumor growth.

Sativa

- o Uplifting and stimulating effect
- o Improves moods
- o Creates alertness and optimism
- o Stimulates creative thinking
- o Helps with fatigue, appetite, nausea, relieves depression, and migraine pain

Hybrid

- o Balance of Indica and Sativa usually more dominant in one or the other
- o Mellow feeling
- o Limits anxiety inducing effect of Sativa strain
- o Limits sedating effects of Indica strain

Indica

- o Relaxing and sedative effect
- o Reduces stress
- o Limits anxiety
- o Aids sleep
- o Helps with insomnia, chronic pain, muscle spasms, and tremors
- o Higher levels of CBD

WHAT YOU WILL NEED

To see you for your initial visit, you **MUST** have your medical records with diagnosed condition(s) with you or already on file. Records **MUST** be within 2 years of age from each encounter date with Marijuana Care Clinic. The adequacy of records is determined per discretion of clinician. We **DO NOT** accept medications, medication lists, imaging (MRI's, CT scans, X-Ray's, etc.), imaging reports, nor lab results.

Please bring a **valid** Florida-issued identification card or drivers' license.

*If the patient is a minor, they must have their legal guardian present. Legal guardian must provide valid government-issued identification card or drivers' license and the minors birth certificate or current record of registration from a Florida K-12 school.

*If the patient is a seasonal resident, they must provide a copy of 2 different document's proving residency in Florida. That includes: a deed, a mortgage, monthly mortgage statement, residential rental or lease agreement, a utility bill (not more than 2 months old), or mail from financial or government agencies.

*If the patient has a caregiver, the caregiver must bring a valid government-issued identification card or drivers' license.

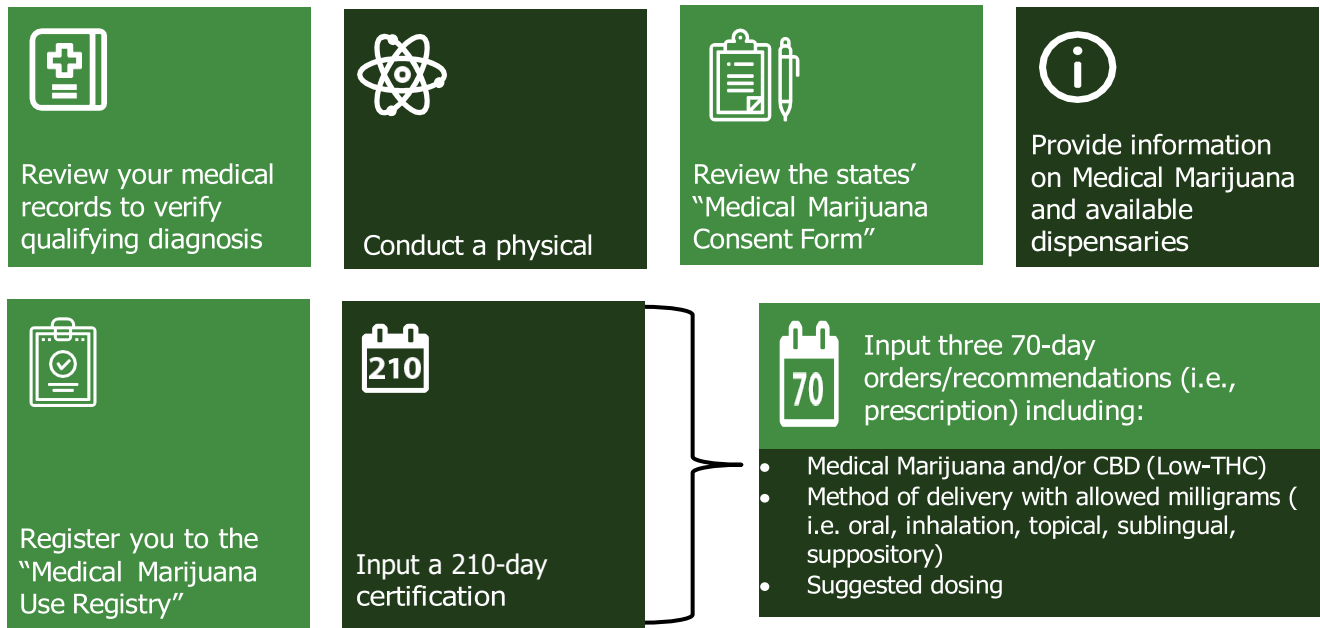

For **LEGAL GUARDIANS AND CAREGIVERS**: Keep in mind that **EACH** medical marijuana identification card has an application fee with the state of \$77.75. Meaning there will be application fee for the patient and for the caregiver/legal guardian.

Medical records are required. We do not diagnose any patients in our clinic. If you need assistance obtaining medical records, we can email you a medical release form to obtain from any of your current physicians (primary, chiropractors, therapists, etc.). If you do not have records, we have referred physicians that can get you diagnosed at a separate cost.

WHAT TO EXPECT

If you haven't already, you will check-in by completing our electronic paperwork. Keep in mind that we will be sending an email prior to your appointment with a link to be able to complete that electronic paperwork. This will help get rid of all the tedious time filling out paperwork so you can spend more time talking with the doctor!

You will be evaluated by our state-licensed, board certified physician. The physician will:

Once completed, you would have already received two emails from the Medical Marijuana Use Registry with a username and temporary password to have access to the registry. This will give you access to your own profile along with the recommendations and your state application.

You may complete your state application with the staff at check-out or they will provide you with a step by step to take with you.

Finally, set-up your 210-day renewal appointment.

WHAT HAPPENS WHEN I AM APPROVED?

After completing your state application, you will receive an approval letter via email on the same day! You will use this email as a temporary card to be able to access cannabis in any state certified medical marijuana treatment center/dispensary.

You should receive your physical Medical Marijuana Identification Card in the mail within the following month.
